Art Unit 1112

*JHB* Claims 2, 4, 6 and 9 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. All the compounds listed as blackening agents are <sup>not</sup><sub>1</sub> conventionally black, such as silicone and the amines. Are specific or modified ones used? The payment dressing conditions must be further defined.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --  
(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 1, 2, 8 and 9 are rejected under 35 U.S.C. § 102(e) as being anticipated by McGovern.

Any inquiry concerning this communication should be directed to J. A. Bell at telephone number (703) 308-2335.
